Dear Mr Williams

Kemps Creek Data Centre (SSD-10101987) - Response to Submissions Report

I refer to your invitation to the NSW Environment Protection Authority (EPA) to comment on the Response to Submissions Report for the Environmental Impact Statement for the proposed Kemps Creek Data centre (SSD-10101987) located at 707-769 Mamre Road, Kemps Creek NSW.

The EPA has reviewed the additional information provided in the Response to Submissions Report and is satisfied with the response to EPA's comments. The EPA has no further comments on this proposal and no further consultation is required.

Based on the information you have provided, the proposed activity will not require an Environment Protection Licence issued under the *Protection of the Environment Operations Act* (1997). To ensure the threshold for licensing is not exceeded, the EPA recommends that operation of the back-up generators is limited to not more than 200 hours per year in any approval that is granted.

If you have any further queries related to this matter, please contact Nick Vlasoff (02) 6969 0709 or nicholas.vlasoff@epa.nsw.gov.au.

Yours sincerely
